## DEPUTY PRESIDENT RIGATHI GACHAGUA MUST BE IMPEACHED

In the past few weeks, Kenyans have observed Deputy President Rigathi Gachagua strategically using tribalism to promote his selfish political agenda. The Deputy President has become adept at leveraging tribal allegiance for personal benefit, narrow interests, patronage, and cronyism.

We all remember how Kenya's 2007-08 post-election violence revealed the extent to which tribal forces could quickly bring a country to the brink of civil war.

**The Atheists In Kenya Society demands for the impeachment of Deputy President Rigathi Gachagua.**

The way forward for Kenya lies in concerted efforts to build modern political parties founded on development ideas and not tribal bonds.

Sincerely,

Harrison Mumia  
President, Atheists In Kenya Society
